Submission topics

Abstract in any area related to the combined specialty of Dermatology, Venereology and Leprology can be submitted. The topics listed below are for categorization of display of selected abstracts. Kindly choose only one topic most appropriate to your subject of research. If it does not fit in a given category, please select ‘miscellaneous’

1. Acne and hidradenitis suppurativa
2. Adverse drug reactions
3. Aesthetic and cosmetic Dermatology
4. Atopic dermatitis
5. Autoimmune bullous diseases
6. Autoimmune connective tissue diseases
7. Biologics
8. Contact dermatitis and occupational dermatoses
9. Dermatology in internal medicine
10. Dermatopathology
11. Dermatosurgery
12. Dermoscopy
13. Dermatotherapeutics
14. Genetics in dermatology
15. Hair disorders
16. Hemangiomas and vascular malformations
17. HIV/AIDS
18. Infections and infestations
19. Inflammatory skin diseases
20. Inherited skin diseases
21. Lasers
22. Leprosy
23. Nail disorders/diseases
24. Non-venereal genital dermatoses
25. Oral mucosa and other mucosal diseases
26. Pediatric dermatology
27. Photobiology, photoallergy, phototherapy and photodynamic therapy
28. Pigmentary diseases (vitiligo, all hypo- and hyperpigmentary diseases)
29. Pregnancy-related dermatoses
30. Pruritus
31. Psoriasis
32. Psychodermatology
33. Tropical diseases
34. Urticaria/ angioedema
35. Vasculitis
36. Venereal disease/ non-venereal genital dermatoses
37. Miscellaneous

Abstract preparation instructions

- All abstracts must be submitted in English- Times New Roman, with a font size of 12 and double spacing. To ensure blinded review-no identifying features such as names of hospitals, medical colleges, clinics or places may be listed in the title or text of the abstract.

- Do not include the names of authors and their affiliations in the abstract body. There will be provision of entering author details and their affiliation(s) in the submission platform.

- The material in the abstract must be original and not previously published.

- The title should be as brief as possible but long enough to clearly indicate the nature of the study. Abbreviations must not be used in the title. The title should not be written entirely in capital letters.

- The size of the abstract is limited to 300 words (excluding title, authors, their affiliations etc.)

- The brand names or name of the manufacturers for any drug or equipment is strictly prohibited. Use generic name(s).
Structure your abstract using the following subheadings:

- Background
- Aims & objectives
- Materials/patients & methods: Describe your selection of observations or experimental subjects precisely
- Results: Describe your results in a logical sequence
- Conclusions: Emphasise new and important aspects of the study and conclusions that are drawn from them
- Limitations
- Conflict of interest: Declaration of conflict of interest is mandatory

No references, graphs, figures or tables are needed with abstract submission.

Check spelling and grammar carefully. The abstract text will not be edited and will be reproduced in the submitted form in the e-abstract book.

Abstract body formatting

1) For Case Report Category

   Introduction

   Description of the case

   Conclusion. Mention why the case is unique and worth presenting

2) For Original Research Category

   Background

   Objective/s

   Patients/ materials and methods

   Results

   Limitations

   Conclusion
